Section 1. It shall be unlawful for any person to keep within the limits of this town, without making application to the Treasurer for that purpose, and paying to said treasurer for the benefit of said town an annual tax of five dollars for a female dog and two dollars for a male dog. It shall be the duty of the treasurer to register the applicant's name and a description of the dog, and to give to said applicant a certificate of registry.

Section 2. It shall be the duty of the owners of dogs so registered to provide the same with suitable collars and with a metallic plate or tag attached thereto having a number corresponding with the certificate of registry inscribed thereon. All dogs not so registered and collared, as aforesaid, found running at large shall be impounded.

Section 3. Any dog impounded as an unlicensed dog may be redeemed by the owner or any authorized person upon exhibiting to the person having charge of said pound a certificate of registry as provided in Section 1, showing that the license in such section imposed has been paid for such dog, and upon paying the person in charge of said pound an impounding fee of one dollar and the sum of 25 cents for each and every day such dog shall have been impounded. All impounded dogs not redeemed within five days shall be killed by the person having charge of said pound.

Section 4. It shall be unlawful for the owner of any female dog to permit it to run at large while in heat, and such dog so running at large may be killed by the town marshal.

Section 5. Any person violating any of the provisions of this ordinance shall, upon conviction therefor, be punished by a fine in any sum not exceeding \$50.00.

Blanding September 3, 1923

The Town Board met at the Library Room at 7.30 P.M.
Full Board present.
Prayer offered by Trustee Jones.

B. D. Black reported on his efforts to collect dog tax. Said he had only collected thus far on eight dogs, although quite a number of dog owners had promised to pay. It was his intention to turn the matter over to the Justice of the Peace.

It was decided by the Board to give owners of dogs one more chance before proceeding to collect by law.

The matter of completing the survey and platting of the northwest part of Town was brought up. Chairman Black of the Committee reported that P. Allan had written to the U. S. Surveyor General of Utah and received information as to the proper manner of locating the forty acre lines which bound the corporate limits of the Town and that to do this work properly it would be necessary to incur considerable expense to make the survey, as the lines run in most instances, through heavy timber.

After some discussion, it was decided to go ahead with the work; the town to buy an official plat of the Township, (T. 36 S., R. 22 East,) to help out in this matter.

The Clerk was instructed to write County Attorney Keller to have him present the matter of obtaining assistance from the County in making the above mentioned survey and plat, to the County Commissioners; also to have him look up the County Records and see if

there is any evidence on record as to the lands covered by the Town Incorporation.

Justice of the Peace O. E. Johnson rendered a report of fines collected amounting to \$15.00 and a bill of \$3.00 for services in holding Justice's Court. On motion of Trustee Black the report was accepted and bill allowed.

The bill of the Grayson Coop. for lumber, etc. was again brought up and ordered tabled until the price charged for lumber could be investigated.

J. B. Harris of the Library Commission said he had expended about \$20.00 for library books which he desired should be paid out of the Town Library fund. This was authorized by the Board.

The Committee on surveying and platting the North-west part of Town reported that some progress had been made, but that before the work could be completed and the plat legally filed deeds would have to be made by the record owners of the lands involved to a Trustee for the purpose of filing the plat and issuing deeds from it to the parties who would be entitled thereto. It was stated that County Attorney F. W. Keller had agreed to help in this matter and that he had been written to some time ago, but as yet the committee had received no answer to the letter sent him.

ORDINANCE, TOWN OF BLANDING

An Ordinance granting a franchise to The Midland Telephone Company, its successors and assigns, to construct, maintain and operate telephone and telegraph lines in the Town of Blanding, Utah.

THE BOARD OF TRUSTEES OF THE TOWN OF BLANDING, UTAH, DO ORDAIN AS FOLLOWS:

Section 1. That permission and authority are hereby granted to The Midland Telephone Company, a Colorado corporation licensed to do business in the State of Utah, its successors and assigns, to construct, maintain and operate telephone and telegraph lines in the Town of Blanding, to erect the necessary poles, conduits or other structures, along or across the streets, alleys and other public places in the town of Blanding, subject to the supervision and satisfaction of the street supervisor of said town, that the grantee hereunder shall have the right to maintain and operate such lines in the corporate limits of said town for a period of twenty years.

Section 2. That the rates charged for telephone service shall not exceed the rates charged for like service in any town of like condition in the State of Utah, and shall be the rates prescribed by the Public Utilities Commission of Utah.

Section 3. That the grantee hereunder shall extend such service to any and all parts of the town as necessity demands, provided that any extension over 200 feet in length shall be made at the expense of the subscriber.

Section 4. Said grantee for the year of 1927 and for each and every year thereafter during life of said franchise pay into the treasury of the town of Blanding, for the use of said town corporation, an annual license tax of ten dollars, and in further consideration of the granting of said franchise the said grantee shall pay all the costs of publication of this ordinance.

Section 5. This ordinance shall be in effect fifteen days after its publication.

SPECIFICATION FOR DIESEL ENGINE
POWER PLANT

TOWN OF BLANDING, UTAH

Bids will be received by the Town Clerk of the Town of Blanding Utah up to 8 P.M. o'clock Oct. 31st 1928 for the furnishing and installation complete of a Diesel Electric Power Unit. This power unit is for generating electrical energy for general light and power service and for street lighting, and must be capable of furnishing approximately 31 Kilowatts at the Switchboard, taking into consideration the location of Blanding above sea level. The machinery shall be complete in every detail and turned over to the Town in readiness to operate. The Town will extend its transmission lines into the power House, ready for connection to the switchboard.

POWER UNIT SPECIFICATIONS

ENGINE:

Engine must be a heavy duty, slow-speed, airless injection, Full Diesel Type, capable of developing not less than 60 brake horsepower based on sea level rating. Engine to be of the special electric type, fitted with heavy flywheel and with extended shaft and outboard bearings

AUXILIARY FUEL TANK:

Auxiliary Fuel Tank of not less than 700 gallons which shall be buried outside the power house and fitted with proper pipe and fittings to connect to engine fuel pump.

EXHAUST:

The exhaust from engine shall be carried thru cast iron exhaust pipe to concrete exhaust pit, to be located in floor of power house. The concrete exhaust pit shall extend beyond the outer wall of the power house and necessary exhaust stack not less than 12" in. diameter 20' ft. long shall be furnished by the successful bidder and installed together with stack thimble. The exhaust stack shall be of welded steel pipe of proper weight. This is to be used to carry exhaust gasses from pit to atmosphere. Concrete exhaust pit mentioned to be furnished by Town. Bidders will furnish certified plans for required exhaust pit.

LUBRICATION:

Engine must be equipped with positive automatic oilers to provide lubrication to all moving parts. Lubricating system must also be arranged with automatic filtering system, so that the used oil may be recovered, filtered and again used.

STARTING EQUIPMENT:

There must be furnished and installed a Direct Connected Engine Driven Air Compressor unit, complete with necessary air pressure tanks, pipes and fittings. This unit shall be independent of the main engine.

COOLING EQUIPMENT:

Bidders shall furnish motor driven circulating cooling system of sufficient capacity to amply take care of the cooling requirements of their particular engine. This circulating system shall be connected to a special cooling tower to meet the requirements of their engine. Cooling tower together with all necessary pipe valves and fittings to be furnished by successful bidder. Concrete sump for tower shall be furnished by Town, but bidders must submit certified plans covering sump required for the tower they purpose to furnish.

ALTERNATING CURRENT GENERATOR:

To be of the direct Connected Engine Type, especially designed for the direct connection to the engine bidder proposes to furnish, and to be mounted on extended shaft which is part of engine equipment. Alternator must be 400 rated machine and capable of withstanding a temporary current overload of 100% without

injury to any of its parts. Bidder shall specify manufacturer's name type of generator, speed, capacity, shipping weight and give guarantee efficiencies at 100% power factor and 80% power factor. Bidder shall state K.W. output of generator when direct connected to the engine on which he is bidding, giving due regard to the altitude of Blanding above sea level, (Feet.)

DIRECT CURRENT EXCITER:

To be of a recognized standard make, shunt wound, of sufficient capacity to satisfactorily work in connection with above generator, and to be connected ~~with~~ to extension shaft of engine by special TEX-ROPE drive to be furnished by successful bidder. Bidder shall state manufacturer's name, capacity of machine and speed.

SWITCHBOARD: Suitable switchboard shall be furnished, installed and wired to control 1-2300 Volt 3 phase, 60 cycle alternator and exciter used with Diesel Engine. Installation will include mounting concentric rheostat furnished by bidder, also to include proper current and voltage transformers, AC Ammeter and Voltmeter, DC Ammeter and Voltmeter of proper sizes, Indicating Wattmeter, necessary switches and Circuit breaker. There also shall be furnished a Polyphase Watthour Meter, glass enclosed switchboard type. All shall be mounted on suitable size none finished, oil rubbed slate panel mounted on pipe framework.

WIRING: Bidder shall ~~install~~ furnish and install all necessary wiring, conduit and electrical fittings to properly wire up electrical machinery furnished. All wiring connections between generator, exciter and switchboard, also wiring to auxiliary equipment must be run in conduit, which shall be placed in floor before concrete is poured, in order that there shall be no exposed conduit or wiring, except such as is used in connections at switchboard. All work and equipment in this connection shall be in conformity with special laws and provisions as established by the Town of Blanding and the State of Utah.

STATION TRANSFORMER:

Bidder shall furnish suitable transformer for installation in power house, to properly take care of auxiliary motor load in power house lighting.

FOUNDATIONS:

Bidder shall furnish detailed foundation plans for all equipment he proposes to furnish. The Town will provide necessary foundations for all equipment.

DELIVERY:

Bidder shall state approximate time of delivery at Blanding, Utah, also approximate time for installation after equipment reaches Blanding.

FUEL AND LUBRICATING OIL GUARANTEES:

Bidders are required to give fuel and lubricating oil guarantees, based on full load, three quarters load and half load operation of engine and must state the grades of oil on which their engines will successfully operate. Bidders shall furnish a list giving names and locations of not less than ten municipalities now using Diesel Engine generating equipment of their manufacture, which may be used as reference plants by the Town of Blanding.

FREIGHT:

Bidders must take care of the freight charges from factories to nearest railroad point to Blanding, also all drayage and cartage charges from railroad point to power site.

INSTALLATION:

Bidders must install equipment complete on foundations furnished by the Town. Equipment must be complete in every detail, and to be turned over to the Town in operating condition, delivering power to the switchboard. Bidder must furnish as mentioned before all necessary pipe, valves and fittings for air, water, fuel and lubricating oil, and completely install this equipment.

FOUNDATION BOLTS: Bidders must furnish necessary foundation bolts for all equipment they propose to install.

BONDS:

Bidders shall furnish a certified check for not less than 5% of the amount of their bid, or bidders bond in a company acceptable to the Town of Blanding. The successful bidder shall be required to furnish a bond acceptable to the Town of Blanding for the faithful performance of the contract.

TERMS OF PAYMENT:

Terms of payment shall be: 25% of contract price with acceptance of bid by the Town, 25% on delivery of equipment at Blanding, 25% on completion of installation and balance 30 days after completion of installation.

The bids will necessarily be competitive.

Bids are to be made on the basis of one year's employment with the understanding that if everything is satisfactory continuation of employment will be favorably considered.

Exact hours are difficult to ~~xxxxxx~~ figure as we expect to vary the running time of the plant as the daylight varies, but as nearly as we can now determine we will during the winter season want to run from about 5 P.M. until 11 P.M., excepting Friday night which will continue until 12 P.M. Also for the next two months we will run from 5:30 A.M. until daylight, and also again during the winter season when necessary.
On Mondays from 5:30 A.M. until 12 M. the year around.

Whatever extra time used will be considered on the same basis of the regular contract.

No one need bid who will not be willing to accommodate the usefulness of the plant to the needs of the community and the regulations of the Town Board and those in direct charge.

Beyond this all specifications will be given as part of the instruction to those who go to take advantage of the training.

T W.J. Nix
Town Clerk.
